

# The three elements of Orla...

A user-friendly new Interface for Outlook making it easy to plan and organise all of your work.

**1**  
An innovative email & time management system that makes life easier for people who use Microsoft Outlook

**3**  
A sophisticated survey system measuring improvements in effectiveness and productivity as a result of making the change to Orla.

A comprehensive portfolio of Learning activities designed to make you more efficient and effective at work (because software alone is never enough.)
